

Dear Kairos Alumni,

Due to the large number of current alumni interested and available to attend Kairos as alumni I have put together this short application. I also wanted to outline for exactly what I am looking for in a Kairos alumni and how the selections would be made. I am looking for three things:

1. Faith- Do you believe in God? Do you demonstrate that faith in word, action, and practice?
2. Model- Can I hold you up as an example of living a good Christian lifestyle? This does not mean perfection, but it does mean effort.
3. Availability- Do you have the time available to commit to attending the retreat? Do you have the time available to write a talk and contribute to the packets of love?

These three things are integral to Kairos and the role of alumni participant. The role of alumni is to give back to the retreat, not receive from it. That being said it is still a very rewarding experience. If you feel that you can commit to these three things than please fill out the attached application and either mail or email it to me. If you cannot commit to applying to lead at this time please consider the other opportunities I am offering to alumni listed in this packet. Thank you for making the Kairos family at Bishop Manogue so strong. God bless you!

Alumni Name: _____

Alumni Opportunities (Please check what you are interested in, you may check more than one.)

_____ Alumni Participant

This opportunity allows the alumni an opportunity to attend one of the Kairos retreats as the alumni participant. Optimally there are two per retreat. This participant will also give a talk on the retreat.

_____ Alumni Prayer Partner

This opportunity allows the alumni to be partnered with one of the leaders for a specific Kairos. The alumni will hold that leader in prayer throughout the planning and facilitating of the retreat. Also, they will be in contact with that leader throughout the process to offer support and encouragement.

_____ Alumni Packet Partner

This opportunity is a pledge to write letters for the upcoming Kairos retreats. This opportunity is the most important so it is critical to maintaining the family support aspect of the retreat.
