I am an exchange student from Germany living in Reno this year through International Experience.

I would like to thank the most amazing host family I could ask for, the Enloes, and a wonderful school, Bishop Manogue Catholic High School.

When I arrived last August, I was nervous and scared. But I have found the most amazing second family.

My friends are also amazing, and the school is a huge part of my experience, too. Bishop Manogue has shown me how much fun school can be, and also how kind people are. This school makes every student feel like family and has the strongest school spirit I have ever seen.

I know that when I leave in June, I will not say "goodbye," I will say "see you later," because I know one day I will come back.

Thank you, Reno, for the best year of my life! And see you later!

Theresa Aberger, Germany
