

## **Northern Nevada Scholarship Opportunity**

### **Call for SNPAA Scholarship Applications 2023**

The Sierra Nevada Performing Arts Association (SNPAA) offers Scholarships to talented students pursuing a college or university degree, or equivalent, in the Performing Arts. To be eligible, the applicant must be in the last semester or have graduated from a high school in Northern Nevada.

The intent of our Scholarships is to recognize hard work and to assist students with completion of higher education. To receive a Scholarship, a high school applicant must have been accepted to a 4-year college, university or equivalent. Students already at a college, university or equivalent may also apply for a SNPAA Scholarship provided they meet all other requirements.

Scholarships awarded by the Board of Directors of SNPAA generally range from \$500-\$2,000. Money awarded to a student must be used within the subsequent academic year at the institution of the student's choice. The money is sent directly to that institution to help defray the cost of tuition and/or books.

In order to apply for a SNPAA Scholarship, applicants should visit the SNPAA website at [www.snpaa.org](http://www.snpaa.org). Information is requested of applicants both online as well as by mail or e-mail.

An applicant may apply online at any time, but no later than June 1st of each year for award in the next academic year. Required hard copy information must be mailed and postmarked/or e-mailed by July 7, 2023. A decision will be made in July and awards will be sent to the scholarship recipient's school in August.
